

SCHOOL PROGRAM REVIEWS

Christ The Redeemer (CTR) Catholic Schools is committed to continuous improvement grounded in faith, evidence-informed decision-making, and stewardship of resources entrusted to the division. School program reviews support the division in ensuring programs remain responsive to student needs, aligned with Catholic values and divisional priorities, and focused on fostering student success and well-being.

CTR's Board of Trustees (Board) reviews key school programs in a responsive and adaptive manner.

1. Annually, the Superintendent, or designate, shall provide the Board with a list of possible program reviews to be conducted.
2. The Board shall approve a draft five-year plan of programs for review provided by the Superintendent, or designate. This draft list will be then updated and shared in the attached Appendix A.
3. The Superintendent, or designate, shall contract the annual program review.
4. The Board shall approve the contracted program reviewer(s), ensuring they are qualified to conduct a review.
5. The results of these reviews, and changes implemented based on these reviews, shall be communicated to the Board, and when appropriate, site-based administrators and teachers.

Approved: February 29, 2020

Amended: May 27, 2026
